

Position - Hospital

Appleton Area Health is currently seeking a Licensed Practical Nurse to work in the Hospital setting providing general nursing care within the LPN scope of practice as defined by MN Board of Nursing under the supervision/leadership of a Registered Nurse. Basic nursing care includes comfort measures, personal hygiene, and procedures for which the approved LPN educational programs have prepared him/her. The nurse functions in structured care setting described as geographical and/or situational environments where the policies and procedures for the provision of health care are established. The nurse has knowledge of and utilizes appropriate age-related patient care protocols relating to patients' physical and psychological needs. Nursing staff are expected to know and will be held accountable for following infection prevention and control policies.

Education/Experience/Credentials

- Must be, as a minimum, a graduate of an accredited practical nursing education program
- Minnesota License
- ACLS certification (or willingness to obtain)
- CPR certification (or willingness to obtain)

Values

Extraordinary teamwork, compassionate relationships, and professional excellence for the good of those in our care.
